Skills

- Ruby
- Rails
- Javascript
- PostgreSQL
- HTML
- CSS/SCSS
- jQuery
- Heroku
- Github
- Git
- MVC architecture
- TDD
- APIs
- React & Redux (learning)

Goal

To obtain a position as a web developer in a challenging and creative environment that utilizes teamwork and encourages learning and development to produce innovative tech solutions.

Interests

When I am not in the mountain doing mountain biking, camping or travelling, you could find me building cool stuff (or trying to) with Arduino and Raspberry Pi.

References on request

Personal Summary

I have recently graduated from Le Wagon's Ruby on Rails coding bootcamp in London.

Having worked in a high-paced environment where problems arise multiple times a day, I am equipped with a unique blend of the highest level of professionalism, coding skills and an appreciation for excellency.

I want to be in an environment where I am challenged and have the chance to improve my programming skills.

Relevant Experience

Le Wagon Full-Stack Ruby on Rails intensive coding bootcamp learning Ruby on Rails, HTML5, CSS/Sass, Bootstrap, JavaScript, jQuery, SQL, PostgreSQL, MVC architecture, TDD, git, GitHub, Heroku.

Web Development Projects

Fresh Butler - Web application designed for wealthy clients who wants to hire butler/maid services for events. Built with Ruby on Rails, SQL, HTML, CSS, Bootstrap, JavaScript. During this project learned how to **work as one team**.

Sessions Therapy (in progress) - Web application designed for people wanting to do therapies with their current or new therapist within the platform with video chat. Built with Ruby on Rails, SQL, HTML, CSS/Sass, Bootstrap, JavaScript, GitHub, Heroku, Active Record.
